

Turn everyday customers into repeat customers.

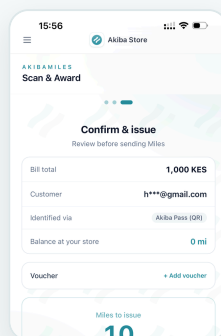

Akiba helps businesses attract, engage and reward customers through a city-wide rewards network. Customers earn Akiba Miles when they shop at participating businesses — giving them another reason to choose you, and to come back.

HOW IT WORKS

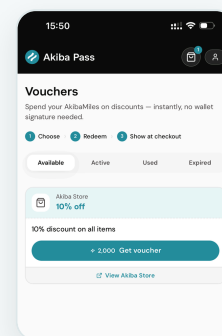

- 1 Customer shops normally**
 Cash, M-Pesa, or however you already accept payments. Nothing changes at your till.
- 2 You award Akiba Miles**
 They show you their Akiba code. You scan it and enter the amount — 1 Mile per KES 100.
- 3 Customer uses their Miles**
 On rewards and offers across the Akiba network, including yours.
- 4 Your business grows**
 Run campaigns. Reward repeat visits. Understand your customers. Measure what works.

Questions before you decide?

Ask us anything now rather than after you've signed — including what Akiba won't do for you. We're building this network street by street, and it only works if the businesses on it know exactly what they're getting.

Ready to join?

We'll help you get your business live in less than a week.
